

## Regulatory & Clinical Imaging Workshop Presented by the PET Radiotracer Translation & Resource Center

The PET Radiotracer Translation and Resource Center (PET-RTRC) leverages the expertise at WashU and the Mallinckrodt Institute of Radiology in PET radiotracer design, development, training, and use with that of research groups throughout the country who are studying molecular and cellular processes of interest to facilitate the development and dissemination of novel PET radiotracers.

Registration is required.

### **Tuesday, February 18**

9 a.m. - 4 p.m.

Regulatory Workshop

### **Wednesday, February 19**

9 a.m. - 4 p.m.

Clinical Imaging Workshop

### **Thursday, February 20**

10 a.m. - 5 p.m.

Facility Tours | Scientific Session | Poster Session

### **Friday, February 21**

Annual Meeting | Center Members Only
