

## Research Management System Demo Series August Recap

We appreciate the strong attendance, questions, and feedback at our second Research Management System (RMS) Demo sessions held at both the Danforth and School of Medicine Campuses, and available via Skype for Business. After each demo we provide a brief recap, as well as links to session recordings and handouts. See below for this information.

### Key Session Topics

- PD budget features
- Approval Routing
- System Notifications and Dashboard
- grants.gov communications

### Demo #2 Attendance

There were 96 attendees (total) for the two sessions which included 19 Skype participants.

### Recordings & Handouts

[Click here](#) to access demo recordings and handouts in Box from both Demo #1 and Demo #2. For Demo #2, only the Danforth Campus recording is provided due to poor quality of the SOM recording. The Danforth recording actually contains the full end to end process which we did not have time to complete at the SOM. (Note: video files may take time to load with slower internet connections.)

### Future Demo Sessions

Demo #3 is being planned for early October. Details will be communicated via Research News.

### Questions?

For more information about the Demo Sessions, contact Becky Evans at [evansb@wustl.edu](mailto:evansb@wustl.edu) or 314-935-3758.
