

Agency: Health and Environmental Science Institute

Mechanism: THRIVE program

Overview: THRIVE, a partner in the 2018 Biden Cancer Initiative, provides seed grants for nonclinical, clinical, and translational research and technology-based solutions that enhance our ability to predict when and how adverse effects may occur in patients who have received cancer treatment. THRIVE also supports the development of approaches to avoid or lessen these effects.

Eligibility: PI's must hold a MD, PhD, DVM or equivalent degree. Candidates for these degrees along with their PI may apply. Candidates must have the ability to conduct independent research and have published in peer-reviewed journals.

Award Amount: Range of \$20,000 - \$50,000 for up to 24 months

LOI Deadline: July 1, 2019

Questions: Contact research@hesithrive.org
